Inauguration, 3rd of May, 4 PM to 6 PM

The Datatinja research training group (Trustworthy AI for Seamless Problem Solving: Next Generation Intelligence Joins Robust Data Analysis) is focused on developing novel methods in the area of Artificial Intelligence. The goal is to make AI more robust, easier to integrate, more trustworthy, and more secure.

Datatinja connects leading research groups in AI in North Rhine-Westphalia and offers young academics an ideal opportunity to establish their own research in the core areas of AI as part of an excellent network.

Dear colleagues,

We are excited to announce the start of our new research training group Datatinja.

We will celebrate this with a kickoff meeting on May 3, (4 to 6 PM) and want to invite you to participate.

It will be streamed as a zoom webinar. Please register in advance at

https://uni-bielefeld.zoom.us/webinar/register/WN_9kBaTsTARfeeruu_EBU7RA

After registering, you will receive a confirmation email containing information about joining the webinar.

For more information on our group see <https://datatinja.nrw>

Agenda

- | | |
|-------|---|
| 16:00 | Welcome by Minister Pfeiffer-Poensgen (Ministry of Innovation, Science and Research of NRW) and Rector Prof. Gerhard Sagerer (Bielefeld University) |
| 16:20 | Introduction of Datatinja by Prof. Dr. Barbara Hammer (Bielefeld Univ.) |
| 16:35 | Guest Lecture Prof. Peter Flach (Univ. of Bristol and Alan Turing Institute): <i>Computer says “I don’t know” – The case for honest AI</i> |
| 17:20 | Panel discussion on <i>How far is it towards a trustworthy AI?</i> , Moderation: Manuela Lenzen.
Dr. Cédric Archambeau (Amazon Web Services, Berlin),
Prof. Dr. Peter Flach (Univ. Bristol),
Prof. Dr. Eyke Hüllermeier (LMU Munich),
Prof. Dr. Kristian Kersting (TU Darmstadt, hessian.ai),
Prof. Dr. Ute Schmid (University of Bamberg, bidt),
Prof. Dr. Heiko Wersing (HRI Europe). |
| 17:55 | Closing |
